Chris Price Joins Clearwater Analytics as Industry Advisor

LONDON — 9 November 2020 — Clearwater Analytics announced today that Chris Price joined the firm's European operations as an advisor. He will work closely with Clearwater product, development, servicing, and business development teams to help oversee the continued development of Clearwater's technology and services.

Clearwater is the leading SaaS solution for investment data aggregation, reconciliation, accounting, and reporting. Clearwater reports on more than \$4.6 trillion in investments daily. Institutional investors around the world trust Clearwater to deliver daily, validated portfolio information that drives detailed and accurate reporting and analysis.

“Chris brings a wealth of experience and knowledge to Clearwater. His expertise in the investment management industry in Europe, and insurance solutions specifically, are invaluable as we continue to serve our client base and accelerate our growth in EMEA,” said Gayatri Raman, Head of EMEA and APAC at Clearwater Analytics.

Prior to joining Clearwater, Chris was Head of Insurance Solutions UK for AXA Investment Managers. Before that, he spent nine years focused on insurance asset management for Deutsche Asset Management. Chris also spent 20 years in senior finance positions within the insurance industry, including five years as Financial Controller at Brit Insurance Holdings. His career in finance began at Coopers & Lybrand (now PwC).

“Clearwater brings a single pane of glass for all data, reporting, and analytics,” Chris said. “Clearwater's single instance, multi-tenant SaaS solution helps radically simplify the investment landscape. I am excited to be a part of Clearwater's success story in Europe.”

Chris holds a bachelor's degree in Pure Mathematics and Mathematical Statistics from the University of Exeter and is a Fellow of the Institute of Chartered Accountants in England & Wales.
